SUMMARY

Computer Science & Engineering diploma graduate and BTech student seeking a Data Analyst Internship. Experience writing SQL against MySQL and SQLite, cleaning and visualizing data with Python (Pandas), and automating Excel- and Outlook-based reporting with UiPath. Built and deployed a database-driven web application and a personal portfolio website. Keen to apply analytical and reporting skills to dashboards, MIS reports, and business metrics in fintech and digital lending.

SKILLS

Data Analysis & Reporting: SQL (MySQL, SQLite), MS Excel, Power BI, Data Cleaning, Data Aggregation, Data Visualization

Programming: Python (Pandas, data cleaning, visualization, OOP basics), Machine Learning Fundamentals

Automation: UiPath Studio, Excel Automation, DataTable & Dictionary-based aggregation, Outlook Integration

Web & Tools: HTML, CSS, JavaScript, Bootstrap, Flask, PHP, MS Office (Word, PowerPoint), Git basics, Render (deployment)

EXPERIENCE

Software Developer – Trainee (RPA) | Centelli India LLP Apr 2026 – Jun 2026

- Built and tested UiPath workflows to automate Excel- and Outlook-based reporting and business processes.
- Used DataTable and Dictionary-based logic to aggregate, clean, and process data across three workflows: sales reporting, bonus processing, and leave applications, reducing manual reporting effort.

Data Science Intern | YBI Foundation Jun 2025 – Jul 2025

- Cleaned datasets and performed exploratory data analysis and visualization in Python.
- Applied basic machine learning concepts on sample datasets.

PROJECTS

LifeDrop — Blood Donor & Emergency Request Platform Flask, SQLAlchemy, SQLite, Bootstrap

- Built and deployed a full-stack, database-driven platform with donor registration, blood-group/city search, emergency requests, and blood-camp listings.
- Developed a secure admin panel (session-based authentication) to manage and review donors, camps, emergency requests, and contact messages.

  Live: lifedrop-sgbk.onrender.com/ | Code: github.com/Harsh-9643/lifedrop

Personal Portfolio Website HTML, CSS, JavaScript

- Designed and built a responsive single-page portfolio presenting projects, skills, and experience, with an interactive terminal-style section, a resume download, and a contact form.
- Deployed on GitHub Pages. Live: harsh-9643.github.io

EDUCATION

BTech in Computer Science & Engineering — BITS Bhopal (L.E.) 2026 – 2029

Diploma in Computer Science & Engineering — Ambedkar DSEU Campus 2023 – 2026

Class XII — CBSE 2022

Class X — CBSE 2020
